

## Code of conduct of the participant

### “En français à Québec”

Considering that personal dignity and the respect for others are at the basis of the values favoured by the *Collège*;

Considering that the rights of the participants are inseparable from the rights of others and of common property;

Considering that the program provides a privileged educational environment which encourages and promotes personal growth and achievement;

Considering that the main objective of the program is to favour the learning of French as a foreign language;

Considering that the program wishes to encourage intercultural communication;

Considering that the residences must provide and ensure a safe, healthy and enjoyable environment favoring rest.

#### **Participants are committed to respect the following rules applying to the code of conduct:**

1. French is the only language to be used by everyone (participants, animators, teachers, members of the administration), at all times.
2. The participant must communicate solely in French.
3. In residence, the participant must:
  - a. respect everyone's right to peace and quiet;
  - b. respect the program evening's curfew;
  - c. express himself properly and correctly with all participants and members and to avoid any comparisons or unpleasant remarks;
  - d. for the entire stay, not leave the campus, alone or with others, overnight including the week-ends;
  - e. participate in the residence life;
  - f. respect gender separation on every floor;
  - g. not invite visitors in the residence or his room.

4. The participant is committed to attend and to actively participate in all classes as well as during the extracurricular activities.
5. The participant is committed to understand and to respect the rules and regulations transmitted by all the members of the program or any other member in authority;
6. At all times, the participant must have a respectful attitude and behavior towards himself and others;
7. The participant is committed to adopt a good behavior to ensure his health, his security or his physical integrity as well as the others'.
8. The participant is committed to respect the provincial and municipal laws related to the use and consumption of the cigarette.
9. The participant is committed to not possess, consume or resale drugs or alcohol.
  - if a participant does not respect this rule, he will be asked to leave the program and return to his place of residence; in such a case, the participant will take the next flight or train to his place of residence and assume the costs. Furthermore, any other costs involved for the application of this measure ( long distance calls, any transportation costs for members of the program, etc.) will be assumed by the participant.
10. The participant is responsible for any damage caused in the residence (furniture, equipment, and other material at his disposal). The participant will have to settle all expenses related to repairs or replacement.
11. The participant shall adopt and maintain a positive and respectful attitude towards everyone.
